

THREE EXPERIMENTS AND THE COWBOY'S COMMENTS

>>EXPERIMENT # 1

The first experiment he reported was done by Dr. Vladimir Poponin, a Quantum biologist. In this experiment, first a container was emptied (i.e., a vacuum was created within it), and then the only thing left in it were photons (particles of light). They measured the distribution (i.e., the location) of the photons and found they were completely random inside the container. This was the expected result. Then some DNA was placed inside the container and the distribution (location) of the photons was re-measured. This time the photons were LINED UP in an ORDERED way and aligned with the DNA. In other words the physical DNA had an effect on the nonphysical photons. After that, the DNA was removed from the container, and the distribution of the photons was re-measured again. The photons REMAINED ORDERED and lined up where the DNA had been. What are the light particles connected to?

Gregg Braden says we are forced to accept the possibility that some NEW field of energy, a web of energy, is there and the DNA is communicating with the photons through this energy.

'NEW', MY ASS, IF THIS ABORIGINAL FIELD IS "NEW", THEN I'D BE SWINGING FROM THE STARS.

FIRST OF ALL THE PHOTONS WERE NOT RANDOM TO BEGIN WITH, RANDOM OR CHAOS DOES NOT EXIST. THE END OF CHAOS THEORY AND OBSERVATION IS THAT ALL THINGS ARE HIGHLY ORDERED, NO MATTER HOW FORMLESS OR RANDOM THEY MAY SEEM – THE FACTS MUST BE STRAIGHT. CHAOS HAS BEEN STUDIED TO THE Nth DEGREE – IT DOES NOT EXIST. OBVIOUSLY THE IMAGINATION CAN PRODUCE THE CONCEPT OF A CHAOTIC STATE, SIMPLY BECAUSE WE DEFINED THE WORD – BUT, EVEN OUR IMAGINATION IS MUCH MORE HIGHLY ORDERED THAT YOU CAN IMAGINE – SOME WHAT OF A DICHOTOMY, BUT STILL TRUE I.E. YOUR THOUGHTS ARE NOT REALLY YOUR OWN – SORRY – EVERYTHING BELONGS TO GOD.

NOW, WITH REGARD TO THE PHOTONS LINING UP IN THE PRESENCE OF DNA:

DNA IS A SUPER CONDUCTOR AS IS ALL OF THE CONNECTIVE TISSUE OF THE BODY. BY THE WAY: ALL NORMAL TEMPERATURE SUPER CONDUCTORS DEFY MOST OF THE LAWS OF PHYSICS AND THERMODYNAMICS.

THE ENERGY THAT FLOWS IN A SUPER CONDUCTOR IS LIGHT/PHOTONS. PHOTONS ARE ANUS AS PROVEN ELSE WHERE IN THE UNIFORM FIELD

CONCEPT. PHOTONS HAVE A NATURAL AFFINITY FOR A SUPER CONDUCTING BLACK HOLE, PROBABLY BECAUSE THEY KNOW THAT THIS IS GOD AND THEY LIKE IT THERE. ELECTRICITY IF IT IS PULSED AT THE NMR OF THE SUPER CONDUCTING MATERIAL WILL FLOW ONTO THE SUPER CONDUCTOR BEFORE IT WILL GO TO GROUND. IN FACT, ENERGY WILL CONTINUE TO FLOW ONTO THE SUPER CONDUCTOR AS IF IT IS TWO DIMENSIONAL (2-D) OR THE ENERGY SEEMS TO OCCUPY THE SAME SPACE AND TIME, BECAUSE IT WILL JUST KEEP FLOWING ONTO THE SUPER CONDUCTOR – IS PRETTY MUCH HOW THEY SAID IT.

A super conductor will reach a saturation point where too much energy has flowed on and the super conducting effect will break down. The result is that all of the energy that was stored there converts back to 3-D energy and comes off as a lightning bolt that pretty much destroys anything in the vicinity. Which is why the Arch of The Covenant could only be approached by 2-D high priests.

SO, THE PHOTONS LINED UP WITH THE DNA BECAUSE TO FLOW ONTO THE SUPER CONDUCTOR THEY HAVE TO BE IN LINE WITH THE SUPER CONDUCTING BLACK HOLES, WHICH ARE THEMSELVES IN LINE WITH THE “NEW” ORIGINAL 2-D FIELD THAT IS THE ETHER, THAT HAS THE SHAPE OF A GIANT 2-D HONEY COMB, AS DOES THE 2-D SUPER CONDUCTOR. THE PHOTONS STAYED IN LINE WITH THE HONEY COMB AFTER THE DNA LEFT BECAUSE THEY ARE IN HARMONY WITH IT. IN FACT, HAD THEY CHECKED MORE CLOSELY THEY WOULD HAVE FOUND THAT THE PHOTON’S SPIN AXIS CHANGED BY 90 DEGREES.

SO, THAT’S THE PHYSICS AND THE WAY OF THE SPIRITUAL NATURE OF PHOTONS AND SUPER CONDUCTORS. AND, THERE IS NO NEW FIELD.

>>EXPERIMENT #2

These were experiments done by the military. Leukocytes (white blood cells) were collected for DNA from donors and placed into chambers so they could measure electrical changes. In this experiment, the donor was placed in one room and subjected to "emotional stimulation" consisting of video clips, which generated different emotions in the donor. The DNA was placed in a different room in the same building. Both the donor and his DNA were monitored and as the donor exhibited emotional peaks or valleys (measured by electrical responses), the DNA exhibited the IDENTICAL RESPONSES AT THE EXACT SAME TIME. There was no lag time, no transmission time. The DNA peaks and valleys EXACTLY MATCHED the peaks and valleys of the donor in time.

The military wanted to see how far away they could separate the donor from his DNA and still get this effect. They stopped testing after they separated the DNA and the donor by miles and STILL had the SAME result. No lag time; no transmission time. The DNA and the donor had the same identical responses in time. What can this mean? Gregg Braden says it means that living cells communicate through a previously unrecognized

form of energy. This energy is not affected by time and distance. This is a on-local form of energy, an energy that already exists everywhere, all the time.

FIRST OF ALL IT IS NOT VIBRATORY ENERGY, IT IS SPACE: NOW, THE SUPER CONDUCTING PART OF SPACE THAT WE LIVE IN DOES HAVE AN ENERGY IN IT THAT IS ELECTROMAGNETIC, BUT NON-POLAR – SO, THERE ARE NO VIBRATIONS.

THE REST OF THIS IS LEUKOCYTE THING IS ANCIENT HISTORY:

RADIONICS, WHICH WAS PRACTICED BY RUTH, DROWNS AND THE BAXTER EFFECT HAVE BEEN AROUND FOR YEARS. RADIONICS REQUIRES A WITNESS WELL, WHICH IS A COIL THAT HAS TWO SETS OF WINDINGS OPPOSITE TO EACH OTHER, WHICH CREATES AN ELECTROMAGNETIC NULL ZONE – SPACE. AND, BAXTER’S PLANTS REACTED TO HIS INPUTS IN EXACTLY THE SAME MANNER THAT THE LEUKOCYTES DO – AND, SOMETIMES, THEY “KNEW” BEFORE HAND.

BELL’S THEOREM AND ASPECT’S EXPERIMENTS, SHOWED THAT THE ELECTRONS OR PHOTONS WERE CONNECTED EVEN WHEN TRAVELING AWAY FROM EACH OTHER AT TWICE THE SPEED OF LIGHT. AS, JOHN BELL SAID: “ONE PARTICLE GETS A MESSAGE FROM THE OTHER BEFORE IT CAN BE SENT!” EACH PHOTON OR ELECTRON IS AN ANU. EACH PERSON IS AN ANU (CASTENDA’S LUMINESCENT EGG) AND EACH PART OF US CONTAINS PART OF OUR SPIRIT – AN ANU, WHICH IS THE FIRST NAME OF GOD IN THE ANCIENT TEXTS.

DNA APPARENTLY ACTS LIKE THIS, ALSO, FOR A NUMBER OF REASONS. THE CENTER OF THE ANU IS A PIECE OF SPIN ENERGY THAT LOOKS JUST LIKE DNA. THE CENTER OF THIS UNIVERSE HAS A BUNCH OF GALAXIES THAT FORM A DNA LOOKING SPIN.

THE CENTER OF SPIN IS ZERO OR AN ELECTROMAGNETIC NULL, WHICH IS SPACE. IS SPACE CONNECTED TO SPACE? IT CERTAINLY IS – EVERYWHERE, ALL OF THE TIME.

SO, IF THERE IS NO PAST, PRESENT OR FUTURE IN SPACE – WHAT DOES IT KNOW? EVERYTHING MAYBE? THEREFORE, IF BAXTER’S PLANT AND ASPECT’S ELECTRONS CAN RECEIVE INFORMATION BEFORE IT WAS SENT AND IF THE LEUKOCYTES CAN RECEIVE INFORMATION FASTER THAN THE SPEED OF LIGHT, THEN THAT INFORMATION HAS TO BE PRE-EXISTING – NOW, TELL ME HOW FREE YOUR IMAGINATION IS – FREEDOM IS IN THE NULL, BECAUSE THERE YOU CAN TAP INTO ALL THAT IS/SPACE.

ONE POINT HERE: BAXTER FOUND THAT IN ORDER FOR HIS PLANTS TO BE TOTALLY IN TUNE WITH HIM, HE HAD TO BE VERY FRIENDLY TO THEM.

OBVIOUSLY WITH THE LEUKOCYTES THIS WAS MUCH EASIER. SO, AS A PRACTICAL MATTER, THE WHITE BLOOD CELLS ARE IN CONTACT WITH THE ENTIRE UNIVERSE, BUT THEY ARE MORE IN TUNE WITH THEIR ORIGINAL HOST.

>>EXPERIMENT #3

The third experiment was done by the Institute of Heart Math and the paper that was written about this was titled: Local and Non local Effects of Coherent Heart Frequencies on Conformational Changes of DNA. (Disregard the title! the info is incredible.) In this experiment, some human placenta DNA (the most pristine form of DNA) was placed in a container from which they could measure changes in the DNA.

Twenty-eight vials of DNA were given (one each) to 28 trained researchers. Each researcher had been trained how to generate and FEEL feelings, and they each had strong emotions. What was discovered was that the DNA CHANGED ITS SHAPE according to the feelings of the researchers:

1. When the researchers FELT gratitude, love and appreciation, the DNA responded by RELAXING and the strands unwound. The length of the DNA became longer.
2. When the researchers FELT anger, fear, frustration, or stress, the DNA responded by TIGHTENING UP. It became shorter and SWITCHED OFF many of our DNA codes! If you've ever felt "shut down" by negative emotions, now you know why your body was equally shut down too.

The shut down of the DNA codes was reversed and the codes were switched back on again when feelings of love, joy, gratitude and appreciation were felt by the researchers. This experiment was later followed up by testing HIV positive patients. They discovered that feelings of love, gratitude and appreciation created 300,000 TIMES the RESISTANCE they had without those feelings. So here's the answer to what can help you stay well, no matter what dreadful virus or bacteria may be floating around. Stay in feelings of joy, love, gratitude and appreciation! These emotional changes went beyond the effects of electro-magnetics.

Individuals trained in deep love were able to change the shape of their DNA.

Gregg Braden says this illustrates a new recognized form of energy that connects all of creation. This energy appears to be a TIGHTLY WOVEN WEB that connects all matter.

Essentially we're able to influence this web of creation through our VIBRATION.

SUMMARY: What do the results of these experiments have to do with our present situation? This is the science behind how we can choose a timeline to stay safe, no matter what else is happening. As Gregg explains in The Isaiah Effect, basically time is not just

linear (past, present and future), but it also has depth. The depth of time consists of all the possible prayers and timelines that could ever be prayed or exist.

COWBOY'S SUMMARY: THE DNA IS 2-D AND THE FEELINGS ARE 3-D. WE CAN GO TO ARJUNA'S TEACHINGS: IF YOU NOTICE THAT YOU ARE MAD (3-D), WHO NOTICED? THAT PART OF YOU THAT IS NOT MAD – NOT ANYTHING FOR THAT MATTER (0-D FOLLOWED CLOSELY BY 2-D). IN OTHER WORDS, WITHIN YOU, WITHIN ALL THINGS IS A BLANK SCREEN ONTO WHICH WE CAN PROJECT THAT WHICH WE LIKE.

THE DNA JUST ACTS IN THE SAME WAY THAT AN ANU DOES BY BECOMING CHAIRNESS, BOTH ARE A BLANK SCREEN ONTO WHICH WE CAN PROJECT WHAT EVER WE WISH – GIVEN THAT IT IS IN HARMONY WITH GOD'S WILL. IN THIS EXPERIMENTAL CASE THE DNA BECAME LOVED, BRAIN DAMAGED, MAD OR WHATEVER IT WAS THAT THEY WERE DOING. BASICALLY MIRRORING THE RESEARCHER'S DNA ACTUALLY DUE TO THE RULE, LIKE ATTRACTS LIKE.

Essentially, all our prayers have already been answered. We just activate the one we're living through our FEELINGS. THIS is how we create our reality -- by choosing it with our feelings. Our feelings are activating the timeline via the web of creation, which connects all of the energy and matter of the Universe.

NONSENSICAL DRIVEL THAT ^ WE DON'T ACTIVATE SQUAT, GOD ACTIVATES EVERYTHING, HERE IN 3-D LAND – **HOWEVER, 2-D, THIS IS WHERE WE CAN PLAY.**

Remember that the law of the Universe is that we attract what we focus on. If you are focused on fearing whatever may come, you are sending a strong message to the Universe to send you whatever you fear. Instead if you can get yourself into feelings of joy, love, appreciation or gratitude, and focus on bringing more of that into your life, you are going to avoid the negative stuff automatically. You will be choosing a different TIMELINE with your feelings. You can prevent getting any flu, virus, etc., by staying in these positive feelings, which maintains an incredibly strong immune system.

So here's your protection for whatever comes: Find something to be happy about every day, and every hour if possible, moment-to-moment, even if only for a few minutes. This is the easiest and best protection you can have.

“THE SECRET OF LIFE IS ENJOYING THE PASSAGE OF TIME” (JIM CROCHE). OR IN THIS CASE EACH AND EVERY QUANTUM OF TIME. OR, AS THE BUDDHA SAID, TREAT EVERYTHING AS GOD, BECAUSE IT IS.
