

FRACTALS AND THE GLOW FEELING CONNECTION

FRACTAL BRAIN - FRACTAL EVERYTHING ELSE - WAKE UP PLEASE - THE GLOW CONNECTION

AND YOU CAN FEEL IT - SEE BELOW

A FRIEND, WAI, IS GIVING A TALK ON HIS FRACTAL BRAIN THEORY THIS WEEKEND IN LONDON, SO, THIS GOT WRITTEN AND POSTED TO HIS FACEBOOK PAGE FOR THE EVENT.

THIS IS HILARIOUS - WORTH READING A COUPLE TIMES

WAI, HIS WEB SITE IS EXCELLENT <http://www.iawwai.com/>

THERE ARE SO MANY THINGS THAT CONNECT NATURE, AND THE ENTIRETY OF THE UNIVERSE TO YOUR "THEORY", WHICH IS NOT A THEORY, ITS A FACT OF THE UNIVERSE - THE UNIVERSE IS THAT THING WE ARE SUPPOSED TO BE CONNECTED TO> WHICH IS EMBARRASSING BECAUSE JUST ABOUT EVERYTHING ELSE IS I.E. AWARENESS - THE HUMAN BODY VIA KINESIOLOGY WILL ANSWER PERFECTLY ANY YES OR NO QUESTION ON ANY SUBJECT, ITS RIDICULOUS - PLANTS HAVE THE SAME KIND OF AWARENESS THAT EXTENDS FOR 1000s OF MILES - EXPERIMENTALLY PROVEN MANY TIMES. THEREFORE, EVERYTHING ELSE IS CONNECTED - EXCEPT US, WHICH MEANS THAT WE, HUMANS, NEED TO CONNECT OUR FRACTAL BRAIN TO THE FRACTAL FIELD, OF WHICH IT IS A PART - THEN THE CATS WOULD NOT THINK THAT WE ARE STUPID. EH?

WHAT WOULD BE A GOOD MECHANISM VIA WHICH WE CAN PLUG OUR BRAIN BACK INTO THE UNIVERSE? TALK TO THE ROCKS MAYBE? THE ANSWER IS IN NATURE AND BEAUTY FITS PERFECTLY WITH OUR FRACTAL DILDO - THEN FEEL IT = BEING CONNECTED. A NEW EQUATION I.E. WHEN YOU'RE CONNECTED = YOU FEEL IT.

YOU KNOW THERE ARE SQUARE AETHERIC FIELDS AND HEXAGONAL ONES - IS NOT THE BRAIN CONNECTED TO BOTH? WELL THERE'S A MALFUNCTION AT THE JUNCTION. OUR BRAIN AND OUR BODIES ARE NOT CONNECTED. PLEASE HELP.

BLESSINGS

OH GOD, HELP.

ANYWAY YOU CAN GAIN A SIGNIFICANTLY IMPROVED AWARENESS AND SPHERE OF INFLUENCE.

MY NEIGHBOR HAS BEEN PRACTICING THE GLOW, HE IS AN ATTORNEY AND THEOLOGIAN (WE HAVE WONDERFUL DISCUSSIONS). THIS REPORT IS TYPICAL OF WHAT HAPPENS WITH THE GLOW. AND IT GETS BETTER - INCREMENTAL BUT QUANTUM ADVANCES IN FEELING & AWARENESS. SPIRITUAL TALENTS COME QUICKLY ALSO.

Experiments with the glow

We've talked about the glow meditation a couple of times now and each time I have tried experimenting further with it.

Here's some of the things I've learnt:

1. This is serious stuff.
2. Be prepared to see dramatic differences within yourself and around you.
3. Be prepared to have a change of behaviour for the better.
4. You have to consciously choose to be in the glow - the glow and the spiritual experience of the Kingdom of God are the same thing!

Eating

This is the craziest thing but food tastes sweeter - even things you are used to the taste of suddenly taste divine. You also don't want to eat so much - a third of what I normally eat is enough to fill me up and I don't suddenly feel hungry later - until its meal time.

Drinking

Water tastes great! Other drinks taste great too. (I've never been a fan of plain water - living in a hard water area puts you off water.) Also your body starts to steer you towards things it wants - that are good for you - including food. Sweet drinks are just too much to taste and your whole body instead directs you within your spirit to foods and drinks that are life giving.

Doing stuff

I went into town on Friday and just couldn't stop smiling. Women who'd never seen me before just smiled back at me and I was just happy to smile at them, say Hi and just enjoy the moment. You find people who are negative or aggressive just walk away and find it easier to be elsewhere. Colours of trees, buildings, flowers, sky leap off you - this is way better than a drug induced high. It was like walking under a spell of serendipity - everything arrives at the right time, you arrive at the right time - your body tells you - hay this isn't a great place for me to be - how about if we did xyz instead?

Stuff changing

Suddenly everything becomes easy - God gives you stuff that you need - why not? you're at one with Him and Him with you - you're bouncing at similar rates.
