

## THE HUMAN REGENERATOR

<http://www.human-regenerator.com/>

IT WORKS VIA MOSTLY 3-D ENERGY I.E. VIBRATIONS - EH? THEY ALSO SAY THAT THEY USE SOME IMPULSE ENERGY, WHICH IS 1-D. FOR SURE IT WILL DO GOOD FOR A BODY - IT WILL REGENERATE ORGANS AND VITALITY.

IT MIGHT ADD TELOMERS - UNLIKELY THOU, BECAUSE THE FIELD INSIDE OF THE CAPSULE WILL BE 3-D BASICALLY.

LIFE FORCE ENERGY IS LIGHT, WHICH IS NON-POLAR. DNA IS SUPER CONDUCTING - SUPER CONDUCTORS FLOW LIGHT - ADD ENOUGH LIGHT AND THE DNA CAN RECREATE THE ORIGINAL BLUE PRINT - THIS DEVICE IS NOT DESIGNED TO DO THAT. THIS DEVICE IS DESIGNED TO DISPLAY THESE GUY'S TECHNICAL EXPERTISE, WHICH SEEMS TO BE QUITE GOOD.

PATRICK FLANAGAN, OUR GERMAN WATER GUY AND I ALL HAVE CONSIDERABLY BETTER TECHNOLOGY. BASED ON 2-D AS LAID OUT IN THIS ESSAY

<http://blog.hasslberger.com/docs/CAPACITANCE-IS-THE-DOORWAY-TO-THE-DIVINE.pdf>

WHICH INCLUDE LIMB REGENERATION AND ADDING OF TELOMERS TO THE DNA CHAIN - AND HIGHLY LIKELY THAT WE'LL BE ABLE TO CONVERT METAL IN THE BODY TO TISSUE, EVEN DENTAL FILINGS.

BUT, I'M MORE THAN DELIGHTED TO SEE HOW THESE GUYS DO

THERE WAS AN OUTFIT IN HAWAII THAT HAD A BED FULL OF PULSED LASERS THAT DID WONDERS - THEY DISAPPEARED. HOPEFULLY THAT WON'T HAPPEN TO THESE GUYS

ANY IDEA ON HOW LONG THIS WEB SITE HAS BEEN UP AND IF THEY HAVE SOLD A FEW OF THESE THINGS, WHICH HAVE TO BE EXPENSIVE - VS PAT'S DEVICE THAT WILL COST LESS THAN 2 GRAND.

BLESSINGS,

<http://www.human-regenerator.com/>
