

THE OPTIMUM SIZE OF AN ORGONE DEVICE AND PLACEMENT THEREOF

THE ANSWERS ARE – THE SIZE OF THE LARGEST HUMAN HEART OR ANIMAL HEART. PLACEMENT IS BEST INITIATED BY DOWSING AND THENCE PLACED IN NATURAL SPIRALS LIKE SEA SHELLS HAVING A POSITIVE EFFECT OVER LARGE AREAS. NOW WE'LL DISCUSS THE NUTS AND BOLTS.

ORGONE ENERGY WAS DISCOVERED BY WILHELM REICH – IT IS SUCH A GOOD TECHNOLOGY THAT THE 'AUTHORITIES' IN EIGHT DIFFERENT COUNTRIES DROVE HIM OUT. WIDE SPREAD USE OF THE VERY SIMPLE ORGONE ACCUMULATORS WOULD CHANGE THE WORLD FOR THE BETTER.

ORGONE DEVICES MUST BE CHARGED WITH GOOD INTENTIONS, LOVE, HEALING, PROTECTION OR WHAT EVER PURPOSE ONE IS USING THEM FOR. THANKFULLNESS IS AN IMPORTANT ASPECT OF ATTAINING SPIRITUAL ASSISTANCE AS WELL PROVEN BY DR. EMOTO'S EXPERIMENTS AND BEST SELLING BOOK. ORGONE ENERGY IS A 2-D ENERGY AS ARE OUR THOUGHTS, INTENTIONS AND EMOTIONS

HAVING THE OPTIMUM SIZE IS IMPORTANT BECAUSE ONE IS ABLE TO INSURE THAT ONE'S LOVING INTENTIONS ARE BROADCAST INTO THE AETHERS AND THAT NO DEADLY ORGONE ENERGY CREEPS INTO THE OPERATION OF THE DEVICE.

REICH FOUND THIS OUT – UNDER CERTAIN CIRCUMSTANCES AN ORGONE ACCUMULATOR WILL BROADCAST WHAT REICH CALLED DOR – DEADLY ORGONE RADIATION. HE DIDN'T KNOW THE REASON. BUT, A CLOSE STUDY OF BARON VON REICHENBACK'S ODIC OR OD ENERGY GLEENED THE ANSWER. BASICALLY DOR/OD IS REFLECTED ORGONE ENERGY.

THE BARON WAS RESEARCHING SLEEP WALKING, WHICH OCCURS ALMOST EXCLUSIVELY DURING FULL MOONS. AND THERE IS ANOTHER CLUE – ANIMALS IN THE WILD ALWAYS OVULATE DURING THE FULL MOON.

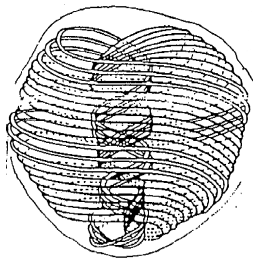

DIRECT SUN ENERGY IS VERY HEALING AND THE LIGHT REFLECTED OFF OF THE MOON IS THE OPPOSITE AS THE BARON VERY METICULOUSLY DISCOVERED. RADIATION FROM THE MOON IS ACTUALLY DOR AND IT IS IRRITATING TO THE BODY – THUS THE WILD ANIMALS GET READY TO REPRODUCE. THE BARON'S PROOF OF THIS REQUIRES A LOT OF READING, WHICH ONE CAN FIND ON THE WEB OR VIA READING THE COWBOY'S SUMMARY THEREOF "REAL SCIENCE" POSTED HERE:

http://blog.hasslberger.com/2007/04/mike_emery_enlightenment_and_t.html

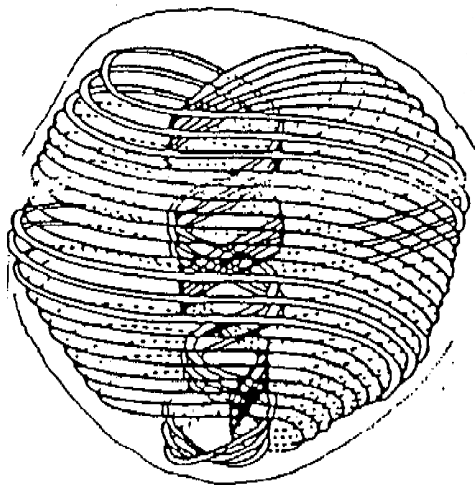

OD ENERGY MANIFESTS IN THE GAP BETWEEN THE ANU AND THE AETHERIC CELL WALL AS EXPLAINED IN THE REAL SCIENCE ESSAY. THEREFORE, IT IS EXTREMELY IMPORTANT TO MAXIMIZE THE SIZE OF AN ORGONE ACCUMULATOR WITHIN A PARTICULAR AETHERIC CELL. FOR TWO REASONS:

1. TO PREVENT DOR FROM CREEPING IN
2. THE AETHERS ARE A COMMUNICATION SYSTEM THAT WORKS VIA MIRRORING (2-D) – IF A SMALL AETHERIC CELL IS TOTALLY FILLED WITH A MESSAGE THAT MESSAGE WILL BE MIRRORED INTO LARGER AETHERS INTACT. THUS, THE EFFECT WILL BE INFINITE, QUITE LITERALLY.

HERE WE SEE AN ANU COMPLETELY FILLING AN AETHERIC CELL.

THUS IT WILL MIRROR INTO A LARGER AETHER AND FILL THOSE CELLS

THUS ACHIEVING MAXIMUM EFFECT

MY GROUP HAS BEEN WORKING ON FINDING THE EXACT SIZE OF THE AMBIENT AETHERS. FOR THE REASON OF BUILDING ORGONE DEVICES THAT WILL BE THE MOST EFFECTIVE AT SPREADING THE INTENT OF LOVE THROUGHOUT THE AETHERS. SAID LOVE IS THAT OF VISHNU / CHRIST THE PRESERVER OF FORM, WHICH IS THE DNA SHAPED ENERGY AT THE HEART OF THE ANU.

AND SO THAT IS THE CLUE –THE HEART. THE SIZE AND SHAPE (ANU / OVOID) OF THE LARGEST HUMAN

HEART IS GOING TO BE THE PERFECT SIZE FOR OUR OPTIMUM ORGONE DEVICES. OUR ORGANS ARE CONTAINED INSIDE OF ANUS AND ARE SOVEREIGN – ESPECIALLY THE HEART.

ORGONE ENERGY DEVICES ARE SIMPLE CAPACITORS MADE FROM LAYERS OF HIGH QUALITY MATERIALS LIKE COPPER PLATES AND EXCELLENT WOOD USED AS AN INSULATOR / DI-ELECTRIC BETWEEN THE CONDUCTIVE PLATES. PAYING ATTENTION TO THE SIZE OF THE AETHERS IS ALSO IMPORTANT IN THE CONSTRUCTION OF THESE DEVICES. THE SIZE OF A CELL IN A BEE'S HONEYCOMB IS 3/16ths OF AN INCH. THEREFORE, THE LAYERS OF THE ORGONE DEVICE NEED TO BE THE SAME THICKNESS – THUS, TAPPING INTO THAT PARTICULAR AETHER. VARYING THE WOOD INSULATING MATERIAL WILL PROVIDE ACCESS TO AETHERS OF DIFFERENT SIZES, BECAUSE THE CELLS IN THE WOOD HAVE TO CORRESPOND TO ANOTHER AETHER. THUS, FILLING SEVERAL AETHERS WITH THE INTENT THAT IS IMPRINTED THEREIN. THE MIRRORING OF THAT INTENT THEN CONTINUES TO INFINITY, AUTOMATICALLY.

SUCH DEVICES WILL PROVIDE THE BEST PROTECTION FROM RADIATION – RADIATION IS A 3-D ENERGY, WHICH WILL BE BLOCKED BY ANY 2-D FIELD (EXAMPLE: MAGNETIC LINES OF FORCE WILL NOT PENETRATE A SUPER CONDUCTOR). THE EARTH'S MAGNETOSPHERE WILL SOON COLLAPSE ALLOWING COSMIC RADIATION ONTO THE EARTH ORGONE ENERGY WILL PROTECT ONE FROM RADIATION. AND WE MIGHT BE ABLE TO PROTECT FROM THE COMING EARTH CHANGES - ESPECIALLY IF THE ORGONE DEVICES ARE SPREAD OUT IN A PATTERN LIKE THAT OF A SEA SHELL, SAID SPIRAL PATTERNS WILL CREATE A FEED BACK LOOP OF ORGONE ENERGY THAT ONE WILL BE ABLE TO FEEL AND EVENTUALLY WE'LL BE ABLE TO SEE THE LARGE ANU SHAPED FIELDS GENERATED.

NOW THE NEXT PROBLEM – THE SIZE OF THE LARGER AETHERIC CELLS THAT WILL ACCOMMODATE THE LARGE SPIRAL SHAPES – PLACE ONE TOO MANY ORGONE DEVICES AND THE WHOLE ENERGY CONSTRUCT IS SHUNTED INTO THE NEXT AETHERIC CELL SIZE. FOR NOW WE ARE GOING TO HAVE TO RELY ON DOWSING TO DETERMINE THESE SIZES.

A SOLUTION TO THE SIZE OF THE LARGER AETHERIC CELLS I.E. A VERY USEFUL SIZE OF A LARGER AETHERIC CELL IN WHICH WE PLANT THE ORGONE DEVICES IN A SPIRAL

GIVEN THAT THE BASE OF THE GREAT PYRAMID IS EXACTLY THE SAME SIZE AS A PYRAMID IN MEXICO - THEN IT IS HIGHLY LIKELY THAT THE REASON IS BECAUSE THIS IS THE MAXIMUM SIZE OF A SOVEREIGN PHYSICAL THING INSIDE OF THAT PARTICULAR AETHERIC CELL SIZE.

THEREFORE, ONE WOULD SQUARE THE CIRCLE AS DA VINCI DID I.E. THE PERIMETER OF THE SQUARE EQUALS THE CIRCUMFERENCE OF THE CIRCLE, BEYOND WHICH WE'D NOT WANT TO PLACE ANY FURTHER ORGONE DEVICES.

SO, WE ASSUME THAT THERE IS AN AETHERIC CELL SIZE WITHIN WHICH THE GREAT PYRAMID FITS JUST ABOUT PERFECTLY. THAT ANU SIZE SUPPORTS THE MANIFESTATION OF THE PYRAMID CAN BE CREATED VIA A SPIRAL ARRAY OF ORGONE ENERGY DEVICES. IN OTHER WORDS, WE COULD CREATE THE ENERGY OF THOUSANDS OF GREAT PYRAMIDS, WHICH SHOULD GO A LONG WAY TOWARD STABILIZING THE PLANET.

UNFORTUNATELY, DETERMINING THE SIZE OF THE AETHERIC CELLS IS NOT AN EXACT SCIENCE AS YET. WE KNOW OF TWO OBVIOUS EXACT SIZES, ONE OF WHICH BEING THE BEE'S HONEYCOMB, THE OTHER BEING 6.3 ANGSTROMS, WHICH WAS GLEENED FROM THE PHYSICAL REVIEW LETTERS.

IT'S FUNNY TALKING ABOUT SCIENCE AND THE AETHERS BECAUSE MAIN STREAM SCIENCE HAS NOT TOGGLED TO THE AETHERS, DESPITE THE FACT THAT THE EXISTENCE OF THE AETHERS HAS BEEN KNOWN FOR THOUSANDS OF YEARS. AND RECENTLY THE U.S. NAVY RESEARCH LABORATORY HAS CONFIRMED THAT AN AETHER EXISTS, WHICH JUST ABOUT ELMINATES A NUMBER OF MASSIVE MIND GAMES THAT THEORETICAL PHYSICS HAS BEEN PLAYING SINCE RELATIVITY, THE EPR THEORY, UP TO PRESENT STRING THEORY – ALL OF WHICH ARE ELIMINATED BY THE PRESENCE OF AN AETHER.

AT SOME POINT SCIENCE WILL BE VERY DISTURBED TO FIND OUT THAT THERE ARE AN INFINITE NUMBER OR AETHERS, PROGRESSING IN SIZE ACCORDING TO THE FIBONACCI SERIES – THIS WE KNOW BECAUSE ALL OF THE COSMOS AND THE QUANTUM ARE FRACTAL. AND THEY HAVE TO MANIFEST WITHIN AN AETHER. FOR NOW THAT TID BIT IS OUR SECRET. SNICKER.
