

## **VIKTOR SCHAUBERGER SAYS**

VIKTOR SCHAUBERGER IS A GIANT OF NATURAL SCIENCE - AS YOU ALL SHOULD KNOW. HIS BOOKS ARE REQUIRED READING. DITTO WILHELM REICH.

FROM "LIVING WATER" BY OLOF ALEXANDERSSON - CHAPTER 10 p111 (PROPER NUMEROLOGY)

### **SCHAUBERGER'S CRITICISM OF SCIENCE AND SOCIETY**

OLOF'S SUMMARY

Death technology and the false culture.

With increasing bitterness, Schauberger realized that his attempts to alert "the establishment" to the breakdown of the ecological order were achieving little result. Nor had he had any success in his attempts to get scientists to stop their technology of mass suicide. His only hope was that some day human beings generally would wake up and force a change.

SCHAUBERGER SAYS:

The longing for Nature, strong, silent and healthy, is the vital phenomena of our time, and is the counterbalance to an inorganic civilization, which we mistakenly describe as culture. ... Man is only a minute grain, a micro-organism, in the totality of Nature, who through his own endeavours has upset the balance of life in a remarkable short space of time and threatens the demise of the higher quality of life on this planet.

ETC. HE HAD HOPE THAT THE YOUNG PEOPLE WOULD WAKE UP. p114

Schauberger is clear about the path to be taken by these future generations. !!!!!

Mankind in the future will be in complete control of the material world and will be able to guide its progress toward better quality. He will become the supreme servant and at the same time the Lord of Nature. Marvellous harvests will provide him with food of the highest quality and also he will enjoy absolute freedom of movement over the land, water and air ...

ALL OF THIS TECHNOLOGY EXISTS NOW. THE SCIENCE OF WHICH HAS BEEN ESTABLISHED BY SCHAUBERGER, GREBENNIKOV, TESLA, WILHELM REICH, RUDOLF STEINER, TOWNSEND BROWN, JOHN VON NEUMANN (MASSIVE ACHIEVEMENTS - DURING THE MONTALK PROJECT, ALSO REQUIRED READING), NATHAN STUBBLEFIELD (ALSO MIND BOGGLING STUFF), LANGENBURG, BARON VON REICHENBACH AND MANY OTHERS. IF ONE REALLY LOOKS AT THEIR ENERGY MECHANICS - NONE OF THEM USED 3-D ENERGIES.

SCIENCE IS GOING TO HAVE TO LEAD THE WORLD INTO THESE NEW TECHNOLOGIES. religion is not going to change.

SCIENCE IS MEANT TO BE ABLE TO CHANGE AND ADOPT NEW PARADIGMS BASED ON NEW OBSERVATIONS AND UNDERSTANDINGS OF NATURE. FRANKLY, THE REAL RESEARCH HAS ALREADY BEEN DONE - ONLY ENGINEERING IS REQUIRED.

HOWEVER, SCIENCE WILL HAVE TO GRASP THE ENERGY MECHANICS THAT MAKE THESE THINGS POSSIBLE - AND THEY WILL SOME DAY:

Marvellous harvests will provide him with food of the highest quality and also he will enjoy absolute freedom of movement over the land, water and air ...

I WILL SAY THIS - THE ELECTRIC AND MAGNETIC COMPONENTS ARE NOT ALWAYS AT RIGHT ANGLES TO ONE ANOTHER. MR HUTCHISON DEMONSTRATES THIS QUITE OFTEN - DITTO SUPER CONDUCTORS AND ALCHEMICAL TRANSMUTATIONS (WHICH GO ON ALL DAY EVERY DAY - IN ALL LIVING THINGS)

OH, OH - MORE SCHAUBERGER p114 - SNICKER

... some comfort can be derived from today's unacceptable activities. The time will come when man will think back, and say to himself, 'They were idiots; they seriously believed that they could force upon the world a false technique, to create a culture.'

OK, I'M DONE. YOU GUYS CAN CONTINUE BANGING YOUR HEADS AGAINST THE WALL. I'LL GO BACK TO MY REGULAR READERS.

BLESSINGS,

PS: suffice to say that 3-d energies are created by torroids - eh? real control comes from the 2-d images. matter is a function of the images held in the gap - full stop. in other words, it is all divinely manifested.

THEN COMES THIS BEAUTIFUL PARAPHRASE BY A PHYSICIST NAMED E.H. WALKER – TAKEN FROM “DANCING ... MASTER” p88

“Consciousness may be associated with all quantum mechanical processes..... since everything that occurs is ultimately the result of one or more quantum mechanical events, the universe is “inhabited” by an almost unlimited number of rather discrete conscious, usually non-thinking entities that are responsible for the detailed workings of the universe.”

DO YOU REALLY THINK SO?
